

Ku Band Coaxial Circulator

JIC11K0T14K5SMSM0

Description:

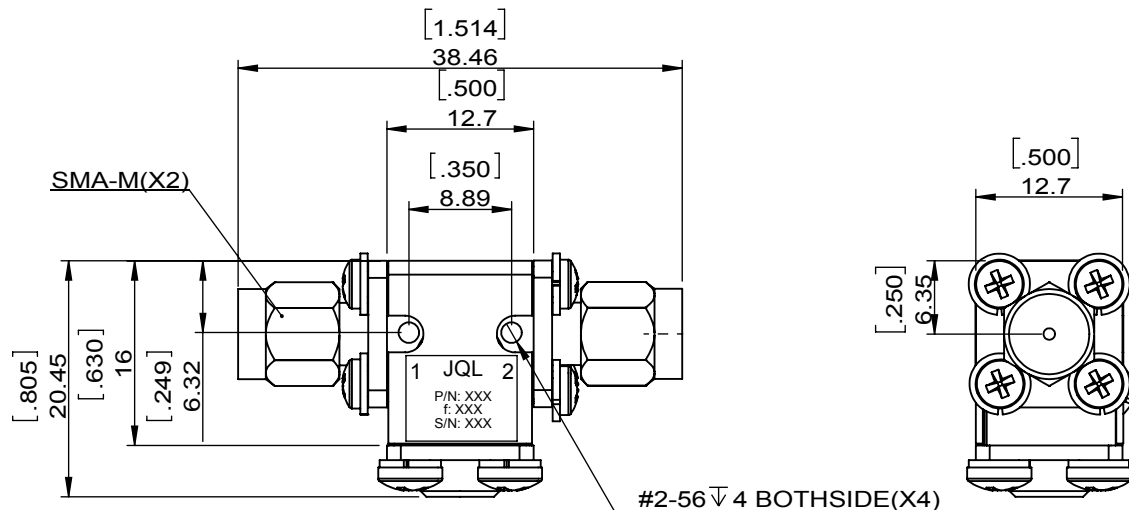

JIC11K0T14K5SMSM0 is a Ku band coaxial isolator covering uplink & downlink of the SATCOM band in unit. This is a low loss unit with SMA F/M male connector configuration.

Electrical Specification

Part Number	JIC11K0T14K5SMSM0
Frequency (GHz)	11.000~14.500
Insertion Loss(dB)MAX	0.45
Isolation(dB)MIN	20.0
Return Loss(dB)MIN	20.0
Operating Temperature	-20°C~+70°C
Power FWD/REV/PK(Watt)	1/1/-

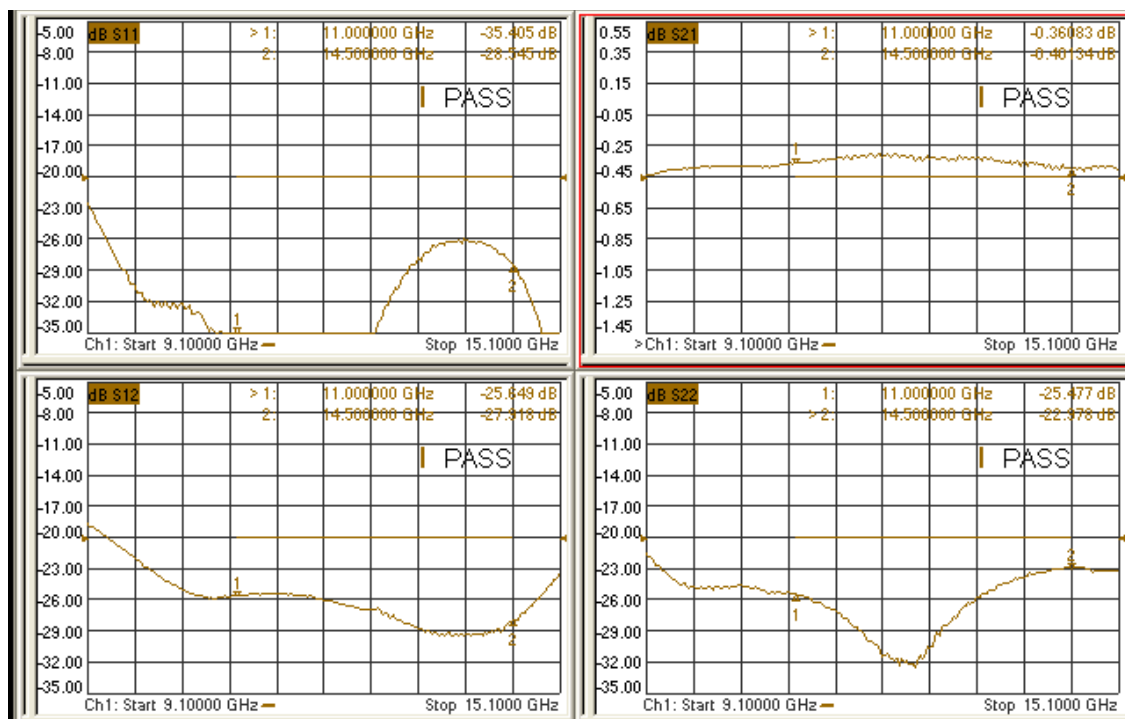

Outline

Ku Band Coaxial Circulator

JIC11K0T14K5SM5M0

Test Data

Features

- Broadband Isolator with low insertion loss
- RoHS & REACH Compliant
- Various connector configurations available
- Higher power versions available

Applications

- SATCOM amplifiers
- SATCOM ground terminals
