

UHF Surface Mount Isolator

JIM0791T0821PN2C

Description:

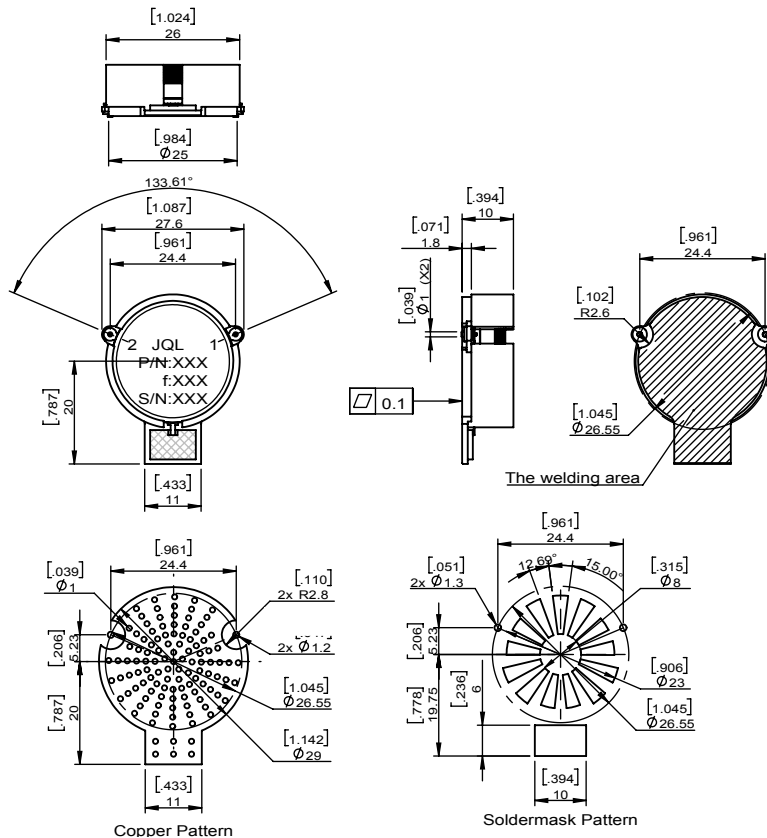

JIM0791T0821PN2C is a surface mount isolator with high power termination. This design is very stable over temperature giving excellent performance.

Electrical Specification

Part Number	JIM0791T0821PN2C
Frequency (GHz)	0.791~0.821
Insertion Loss(dB)MAX	0.25
Isolation(dB)MIN	22.0
Return Loss(dB)MIN	22.0
Operating Temperature	-40°C~85°C
Power FWD/REV/PK(Watt)	20/20/20

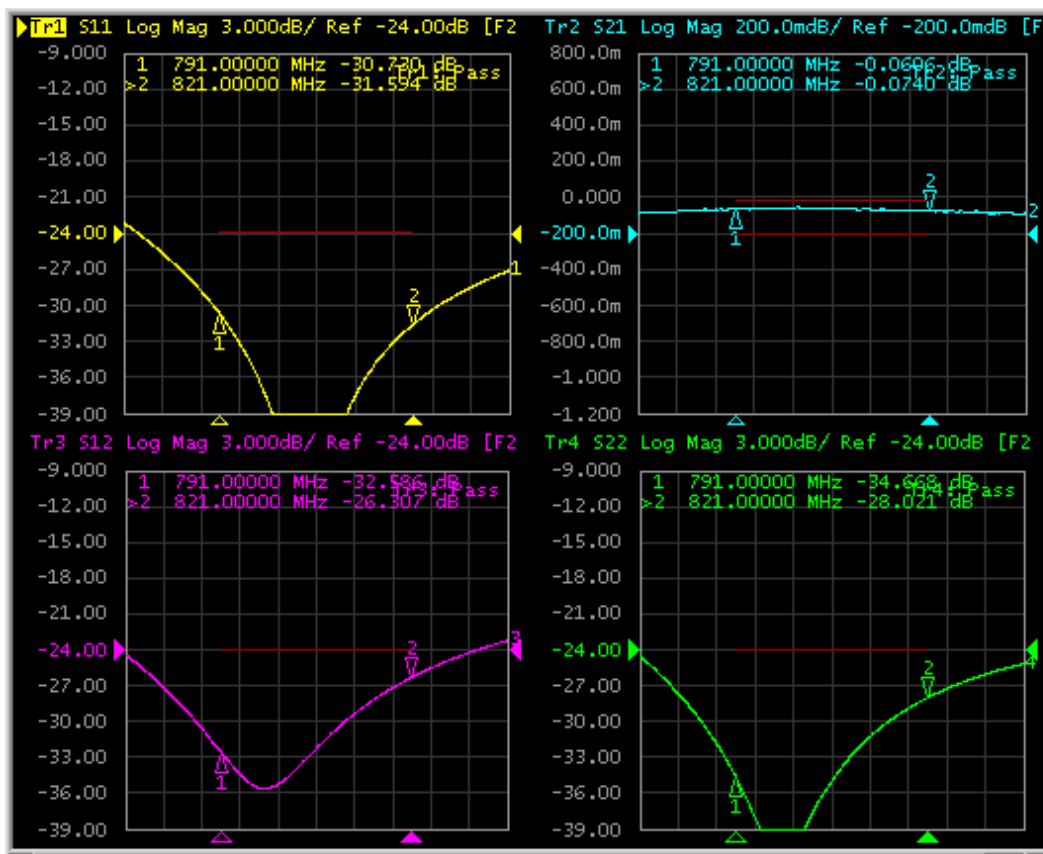

Outline

UHF Surface Mount Isolator

JIM0791T0821PN2C

Test Data

Features

- High power handling capability
- Low insertion loss
- High Isolation
- RoHS & REACH Compliant

Applications

- Public safety infrastructure networks
- Power amplifiers
