

UHF Surface Mount Isolator

JIM0851T0870PN2C

Description:

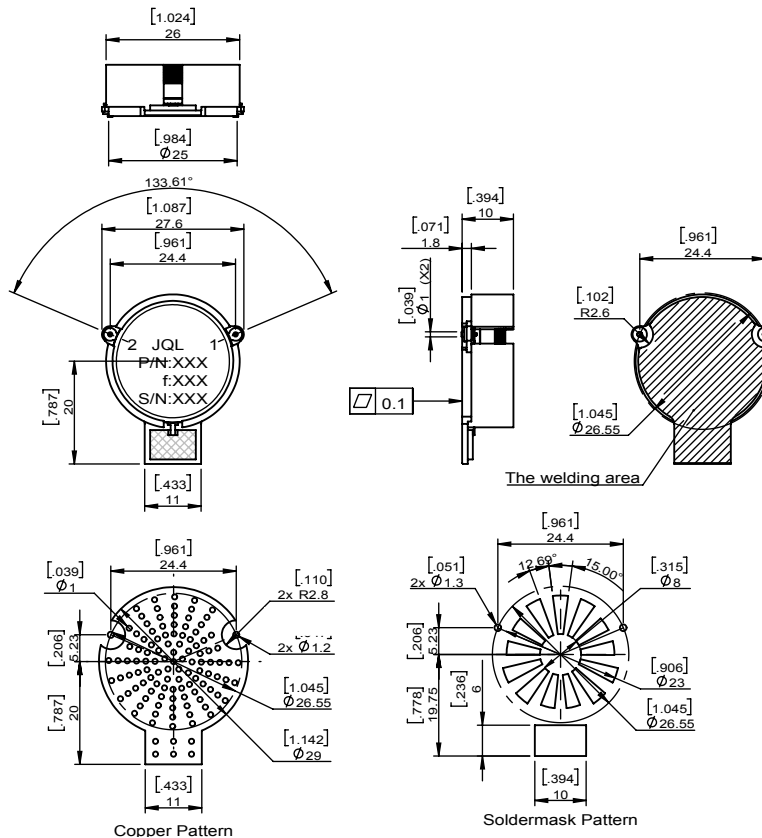

JIM0851T0870PN2C is a high power surface mount isolator with high power termination. This design is capable of handling higher power and extremely stable over the temperature range.

Electrical Specification

Part Number	JIM0851T0870PN2C
Frequency (GHz)	0.851~0.870
Insertion Loss(dB)MAX	0.25
Isolation(dB)MIN	22.0
Return Loss(dB)MIN	22.0
Operating Temperature	-40°C~85°C
Power FWD/REV/PK(Watt)	20/20/20

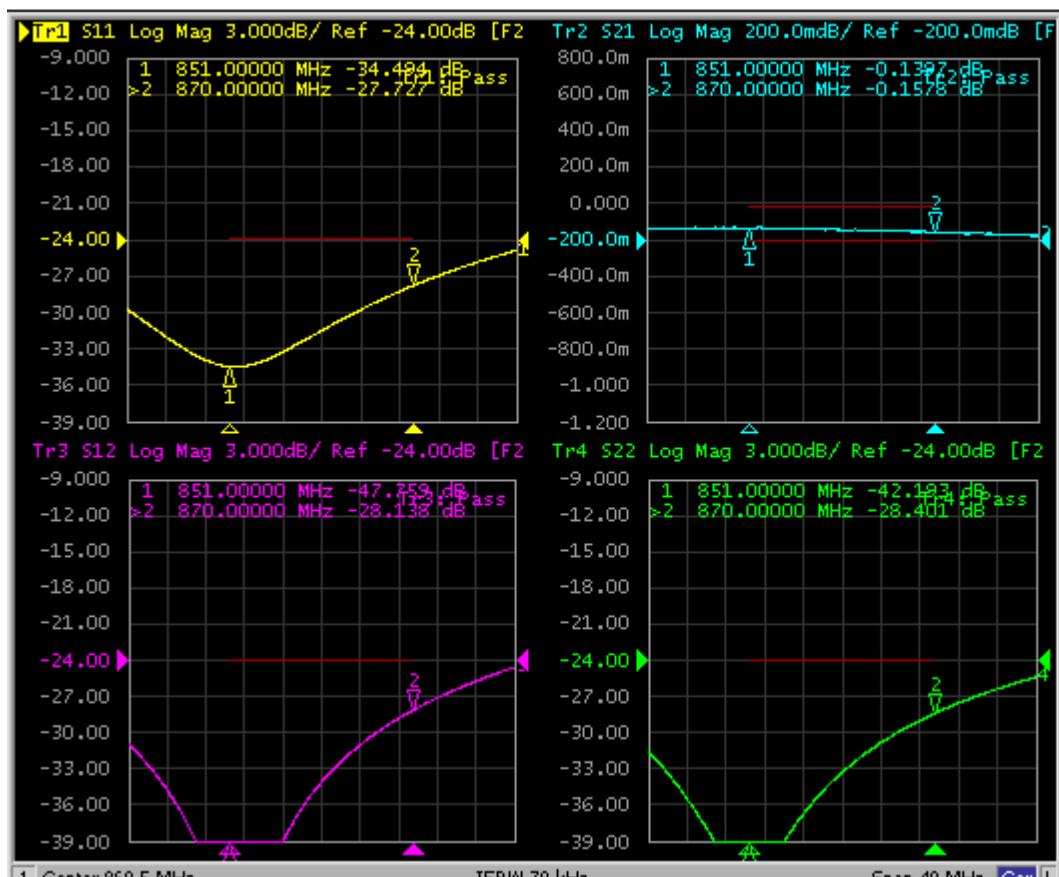

Outline

UHF Surface Mount Isolator

JIM0851T0870PN2C

Test Data

Features

- High power handling capability
- Low insertion loss
- High Isolation
- RoHS & REACH Compliant

Applications

- Public safety infrastructure networks
- Power amplifiers
