

S Band Surface Mount Isolator

JIM3050T3950VM1R

Description:

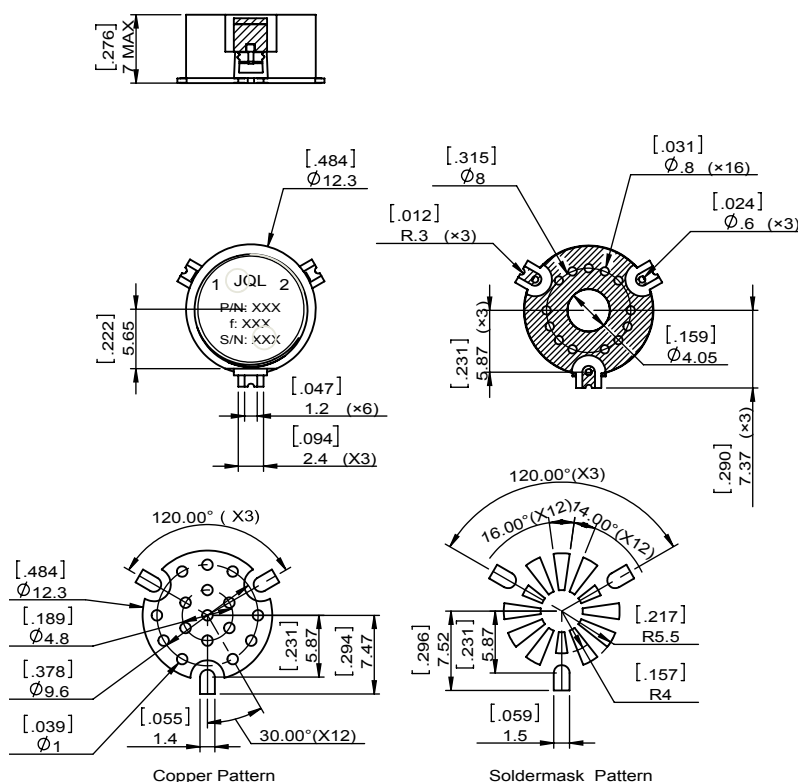

JIM3050T3950VM1R is a surface mount isolator in the frequency 3.050~3.950GHz. The device is extremely stable over the temperature range of -45°C to +60°C, with maximum insertion loss of 0.65dB and minimum return loss of 15.0dB. It can handle CW Power FWD/REV/PK(Watt) of 10/10/70

Electrical Specification

Part Number	JIM3050T3950VM1R
Frequency (GHz)	3.050~3.950
Insertion Loss(dB)MAX	0.65
Isolation(dB)MIN	15.0
Return Loss(dB)MIN	15.0
Operating Temperature	-45°C~+60°C
Power FWD/REV/PK(Watt)	10/10/70
